## SCHOOL CONTEXT

École Agnes Davidson is a French Immersion Single Track School. It has a population of about 540 students ranging from Kindergarten up to Grade 5. The school was built in 1962 and serves students enrolled in the French Immersion program from across Lethbridge. French Immersion is intended to be an inclusive program of choice for students with varying physical and cognitive abilities. French Immersion can also be an option for English Language Learners who may be interested in learning a third language. Students must begin the program in Kindergarten or Grade 1 and generally do not enter the program partway through the elementary years. École Agnes Davidson is a feeder school to Gilbert Paterson where students can continue their French Immersion experiences through Middle School and then up to High School at LCI. Students entering French Immersion do not need to have any prior experience in French nor have a French speaking parent in the home. École Agnes Davidson is committed to creating a French milieu within the city of Lethbridge where students can flourish and experience the French language and culture while developing skills to be critical thinkers and contributing members of society.
