- a. Discussion on spending ASCA grant money - 10 min
 - i. We have ~\$600 remaining, as \$150 was spent on the room rental for the RCMP child internet safety presentation. we get \$750 from province and division. Spent some on room rental, parental engagement event. Looking to spend the last \$600.

Childcare during school council meetings? :Organise childcare so more parents could come to meetings? Would parents come this late in the evening? Would it bring more parents in? During parents teacher interviews? HAVe done it in high schools. Terra, we have done it before and it lasted for a short amount of time. Ask for feedback from parents. Love the idea of it for fall interviews, kids usually just wait in the hallway but more structure can be better. Explore other

times? Earlier maybe better? Tyler: include council time in the survey for the end of year survey. Agreed to try earlier meeting time for the next meeting.

Hire a parental engagement consultant? ASCA does their own (Have we ever asked AI for parental engagement ideas? It does work, Tyler was going to do research) A person who we can get feedback from and too. Someone to look at our specific situation. It's money that can be used towards something useful. Andrea: all schools are having troubles getting people in. What else can it be used for? RCMP presentation. Has been used to subsidize french classes. Prefer to charge parents so they show up. Resources for the french classes? This idea feels good, more structured that way. Support st mary parents as well? Does the council agree to support them? It doesn't need to be consumables, could be software? Borrowing libraries with hard resources? All agree that diving into francophone teaching is a good way to spend the money.

Motion: Spend \$600 on french resources for parents; Joanne made motion. Second by Jenny
